

SUMMARY

Strategic Sight Consulting is a minority-owned small business and technology consulting agency focused on providing strategic global operations execution for federal organizations with program management and technical expertise requirements. We bring experience in technical analysis of improvised threats, piloting and technical assessment of Small Unmanned Aircraft Systems (sUAS) capabilities, and in-depth understanding of Capabilities-Based Assessments (CBAs) – for test and evaluation of custom and commercial-based technologies.

CORE COMPETENCIES

- Technical forensics analysis and reverse engineering on custom, commercial, and counterfeit products
- Algorithm development (MATLAB and LabVIEW)
- Data recovery of mobile and a variety of storage devices
- Government, or regulatory policy development
- Unmanned Autonomous Systems Analysis (UxS)
- Small Unmanned Aircraft Systems (sUAS) Pilots
- Test and Evaluation (T&E) processes
- Acquisitions support and Program Management
- Product and business development planning

DIFFERENTIATORS

- 30 years of combined experience working with the Department of Defense (DoD), Law Enforcement and Intelligence Community
- Established long lasting relationships with key personnel in Federal Agencies and Government Contracting Companies

PAST PERFORMANCE

As a subcontractor to CACI, Inc. at United States Army Command, Control, Communication, Computers, Cyber, Intelligence, Reconnaissance Center (C5ISR), Feb 2022 - Present; \$2.65M. Strategic Sight Consulting supports Army C5ISR Center's Exploitation Analysis and Response Division with commercial-based technology analysis, electronics forensics, and technical exploitation services to enable quick reactionary responses to customer organizations in response to current and emerging threat technologies. Our efforts are critical and support the materiel and non-materiel force protection solutions. Contract: Commercial Based Technology Analysis (CBTA).
